NEWS RELEASE

Arnprior Fire Trucks Corp. to Refurbish Tanker for Ramara Township

Arnprior, Ontario — November --, 2012 — Arnprior Fire Trucks Corp. (“AFTC”) is pleased to announce that they have been awarded the contract to complete a re-chassis with upgrades on an existing tanker for Ramara Township. The truck will be refurbished at the Company’s 135,000 sq. ft. state-of-the-art plant in Arnprior, Ontario.

“Ramara Township is happy to have Arnprior Fire Trucks Corp. refurbishing one of our existing tankers. AFTC will use the existing body, install a new pump system and upgrade the lighting to meet today’s ULC standards. Ramara will continue to employ safe and reliable apparatus to serve our residents,” stated Tony Stong of Ramara Fire and Rescue Services.”

Not only has AFTC gained a solid reputation for designing and building truly custom fire apparatus with individual requirements for its clients, they also have the expertise to remodel existing apparatus. This coupled with outstanding quality, service and experience, makes AFTC an exception to today’s cookie-cutter industry.

AFTC has invested in high end CNC machining capabilities, laser cutters, laser welders and other precision machinery in addition to an experienced, skilled manufacturing team. The plant operates to the high AS9100 Aerospace quality standards. AFTC shares the Plaintiff resources of almost 100 employees including professional engineers, draftsmen, CAD operators, certified welders and support staff.

“We are honoured that the Town of Arnprior has chosen us to build their next apparatus. We look forward to supplying the department with a truck built by local employees and backed by AFTC’s commitment to quality and service,” declared Graeme Cross, Business Development Manager for Arnprior Fire Trucks Corp.

Arnprior Fire Trucks Corp. (www.arnpriorfiretrucks.net) was formed with the key employees of Seagrave Canada (formerly Almonte Fire Trucks) and they will continue building fire apparatus with the pride and quality that they have for over 20 years.

About Plaintiff Systems

Plaintree has two diversified product lines consisting of Specialty Structures and Electronics. The Specialty Structures Division includes the former Triodetic Group with over 40 years of experience, is a

design/build manufacturer of steel, aluminum and stainless steel specialty structures such as commercial domes, free form structures, barrel vaults, space frames and industrial dome coverings, and the newly formed Arnprior Fire Trucks Corp., a manufacturer of high end fire and emergency vehicles.

The Electronics Division includes the legacy Hypernetics, Plaintree Free Space Optics businesses and the newly acquired business of Summit Aerospace USA Inc. Plaintree's WAVEBRIDGE solution uses LED technology to form a secure point-to-point wireless link for data, voice and video transmission. Hypernetics was established in 1972, a manufacturer of avionic components for various applications including aircraft antiskid braking, aircraft instrument indicators, solenoids, high purity valves and permanent magnet alternators. Summit Aerospace USA Inc. provides precision machining of high value engine components for the aerospace and defence markets.

Plaintree's shares are traded under the symbol "NPT". Shareholders and Investors can access Company information on CNSX's website and receive full Company disclosure monthly.
